

PRODUCT LINE CARD

CYBERSECURITY

Empower your digital defenses

Secure application delivery,
DDoS protection, SSL inspection,
firewall management.

GRC platform, risk,
compliance management

Privileged access management,
vulnerability management.

Endpoint protection, cloud native
Cyber Security, threat detection,
incident response.

Application security, static and
dynamic application security
testing (SAST, DAST).

Industrial Cybersecurity for OT,
IT and IoT systems.

Network, cloud, endpoint security,
zero trust, secure access, threat
intelligence, incident response,
identity management,
network visibility.

Secure application delivery,
DDoS protection, SSL inspection,
firewall management.

Privileged access security,
critical infrastructure protection.

Cyber threat intelligence,
personalized and predictive
threat visibility.

Encryption, identity verification,
secure transaction services.

Network detection, response,
real-time threat visibility.

Secure identity, multi-factor and
passwordless authentication solutions

Application delivery and security
solutions.

Data loss prevention, user
behavior analytics, cloud security,
insider threat protection.

Network visibility, access control,
IT, OT, IoT device management.

Endpoint management, software
deployment, security.

Network visibility, traffic
intelligence, performance
optimization.

CYBERSECURITY

Empower your digital defenses

Unified endpoint management, device, application, data security.

Browser isolation, web based malware and phishing prevention.

Threat detection, network, endpoint, log analytics, response.

Network visibility, security delivery platforms.

Cloud security, data protection, cloud threat defense.

Network performance management, DDoS mitigation. Application Performance management

Identity and access management, single signon(SSO), multifactor authentication.

Fraud detection, identity transaction risk management.

Security, risk, governance, identity, access management.

Agentless cloud-native application protection (CNAPP) and AppSec & Risk prioritization.

Web Application Firewall (WAF) & API Protection,enterprise-grade application security, real-time attack visibility and protection.

Nextgeneration firewalls, AI driven threat detection, cloud, and network security.

Risk management, identity governance, threat detection, incident response.

Cloud security, data loss prevention.

Firewall, network security, advanced threat protection, realtime breach detection.

IoT, OT, IT cyberSecurity, threat intelligence, detection tools.

Vulnerability management, OT security, Exposure management, Cloud Security.

Hardware security modules (HSMs), encryption for critical infrastructure.

Secure SD-WAN, integrated networking security; Unified SASE.

Passwordless identity verification, identity-proofing and distributed IAM for workforce and customers.

Note: ** REST OF SOUTH ASIA SPECIFIC

NETWORKING

Intelligent edge-to-cloud connectivity

ARISTA

Data-driven, Cloud networking for large data center/AI, campus and routing environments.

 **Allied Telesis™**

Switches, routers, wireless infrastructure.

 **Air Pro®**

Wireless networking, highspeed connectivity.

ciena

Optical networking, automation highspeed transport.

 **CISCO™**

Advanced and high-performance routing, switching, wireless connectivity, SD-WAN and network automation.

D-Link®
Building Networks for People

Router, switches, access points.

** **DELL**Technologies

IT infrastructure: servers, collaboration tools.

 **Extreme®**
networks

Edge to Datacentre Switching, Wireless Controller On-Prem & Cloud,SDWAN, UTZNA, Wireless Security (AirDefense), Network Management solutions, Application Visibility & Monitoring

**  **HUAWEI**

Unified communication: video conferencing, collaboration tools.

HPE  **aruba**
networking

Wireless LAN, SDWAN, Switching.

 **legrand®**

Energy Efficient Distribution Solutions. Uninterruptible Power Supply Solutions, Cable Management Solutions, Micro Data Center Solutions.

NOKIA

5G, IoT, IP infrastructure.

 **NVT PHYBRIDGE**

Long reach PoE, IP communication.

Raritan®
A brand of 

KVM switches, Serial Console, power distribution units.

 **RUCKUS®**
NETWORKS

Smart Wi-Fi,wired networking.

Server Technology®
A brand of 

Power distribution units.

 **SIEMON**

Cabling, connectivity, data centre solutions.

 **VERSA**
NETWORKS

Secure SD-WAN, integrated networking security: Unified SASE

 **Wavesight**

Wireless video surveillance, IP transmission.

 **zpe®**

Console, Out-of-Band, remote & Central Management of critical IT infrastructure.

ZYXEL

Your Networking Ally

Cloud Networking, advanced connectivity solutions.

Note: ** REST OF SOUTH ASIA SPECIFIC

UNIFIED COMMUNICATION AND COLLABORATION

Cutting-edge communication platforms

Voice networking, VoIP solutions, Audio-Video Solutions

Integrated communication: voice, video, messaging.

Wireless presentation, Conferencing systems.

Video conferencing IP telephony, collaboration.

Video, audio conferencing, collaboration tools, Headset.

Unified communication: video conferencing, collaboration tools.

Smarter Meeting, Sharper Vision, AI Cameras, Vision-Driven Workspace Innovation, Next-Gen Conferencing Cameras.

Video Collaboration, Audio-Video Solutions, productivity, sustainable solutions, conference rooms, Huddle spaces, Ergonomic solutions, Team workspace, Personal workspace.

Call control server and Unified communications Solutions.

Video Communication Devices

Interactive display, collaboration solutions.

Unified communications, voice, video connectivity.

Next Gen LCD, Touch Screen, Interactive, Gaming Monitors.

Video communication, virtual meetings solutions.

Video conferencing: seamless communication and collaboration.

Note: ** REST OF SOUTH ASIA SPECIFIC

SURVEILLANCE

Intelligent video, access & analytics driving safety

IP Cameras, Video management systems.

High-performance display solutions

Unified Video Surveillance, access control.

HD cameras, intelligent video analytics.

Access control, secure identity solutions.

Identity management, access control systems.

Video management software, scalable surveillance.

Customized electronic security solutions.

AI powered video management analytics.

ENDPOINT AND WORKSPACE SOLUTION

Digitally secure and connected environments

Laptop, Desktop, Monitor & Accessories Solutions

Laptop, Desktop & Monitor Solutions.

Laptop, Desktop, Workstation, Monitor & Accessories Solutions, IT infrastructure: servers, collaboration tools.

UPS & Power Backup and Protection Solutions.

Note: ** REST OF SOUTH ASIA SPECIFIC

SERVER AND STORAGE

Efficient high performance, high availability

IT infrastructure management, automation.

Ubuntu

Opensource solutions, cloud support.

** citrix™

IT operations, hybrid cloud management.

opentext™

Virtualization: secure application.

SUSE

Enterprise Linux, cloud native solutions.

Hewlett Packard Enterprise

High performance servers, storage systems.

Lenovo

Server, storage, enterprise networking, cloud computing, virtualization, data center solutions, & high-performance

** DELL Technologies

IT infrastructure: servers, collaboration tools.

HUAWEI

Unified communication: video conferencing, collaboration tools.

Super micro: cloud computing, data centre enterprises, big data, HPC, AI, 5G IoT, embedded, and edge computing.

Note: ** REST OF SOUTH ASIA SPECIFIC

AIDC

Real-time visible, connected & optimised solutions

Barcode printer, barcode scanners, Mobile computers, Tablets, RFID, FIS & MV.

Sensormatic
by Johnson Controls

RFID, Electronic Article Surveillance (EAS), Sensormatic IQ technology.

Mounting Solution for mobile computing devices, tablets.

SERVICES AT A GLANCE

PROFESSIONAL SUPPORT

- Survey & Consulting
- Design & Architecture
- Implementation
- Deployment
- Skill Aggregation
- Annuity Support
- Project Management

TECHNICAL ASSISTANCE CENTRE (TAC)

- Telephonic
- Web Based
- Email Centric
- Virtual
- On-site
- RMA Hosting

LEARNING AND DEVELOPMENT

Structured Courses

- OEM Authorized
- Forcepoint/Audicodes/Mitel/Netskope
- Inflow Designed
- Academy Flagship Programs
- Campus to Corporate
- Cybersecurity
- AI/ML/Data Analytics
- I-seek (Self Paced Learning)
- I-Seal (Centre of Experience)

Customized Courses

- R & S/NGFW/Mobility/NAC/SD-WAN/Data Center/IDAM
- BlockChain/IOT Cloud Computing
- Skill Development & Many More...

INFLOW TECHNOLOGIES PVT.LTD

Inflow House, #33 & 34,
Indiranagar 1st stage, off 100 feet road,
Bangalore – 560038, India.
